THE WE SEE THE RESERVE THE THE PROPERTY OF THE FAMILY

THE WAYSIDE GLADIOLUS GARDEN ELLA W. WRIGHT, PROP. CANTON. MAINE

GREETINGS:

We wish to extend our thanks to you for the generous orders that you have sent us in past years, and to express the hope that we may continue to receive your patronage in the future. We also wish to thank those of you who have written to us telling of your success and the pleasure you have gotten from our bulbs. Your letters are always a source of pleasure to us. If you have problems we are always glad to

No doubt the extreme heat and dry weather of the past season brought disappointments to you as well as to us, but we hope none of you will be discouraged. For the most part our garden, thanks to irrigation, was a success. Some of the early glads were forced along by the heat too soon and produced short stubby spikes, but as soon as we got the sprinklers working they began to improve. We are thoroughly sold on the value of plenty of water for glads, especially at blooming time Good fall weather enabled us to harvest the finest and cleanest crop of bulbs we have had in a long time.

We are trying to pare our list down in order to ease up a little on the work, but it is always hard to part with some of our old favorites. Every year some loved varieties are missing from growers' lists, and it surely makes us sad. How we hated to see Corona go! We have a few nice healthy bulbs and will try to keep them as long as possible. None for sale this year. New varieties must be good these days in order to be introduced, but we sometimes wonder how many of them will stand the test of time as have some of our old timers, such as Snow Prin-

cess, Red Charm, and Elizabeth the Queen.

Frankly, we can't afford to try out as many of the new introductions each year as we would like to, in fact we have to wait a year or so for the price to come down before we can try some. In our garden last summer some of the new ones (to us) that we liked very much were: STARFIRE, a very striking deep salmon with cream throat and bright red blotch. It reminds one of Boldgace, but is much more showy. EDGEWOOD is a medium rose, ruffled and recurved, with perfect placement. EDITH WARR is a huge pink, heavy texture, and a strong healthy grower. Customers in the Flower Shop selected it in preference to other pinks. HARRISBURGER is a nice red, although it is a little late. PROSPECTOR, yellow and amber, with perfectly placed blooms seems to be strong and healthy and fully came up to our expectations. CATRIONA, cream with yellow lip, is much the same in color as the older Lady Jane, but it is much larger and better in every way. For those who like the smekies, we think you will like TAN-GLO. Among the yellows, it seems to us that GOLD BOND hasn't received the recognition it deserves. It is a very fine medium yellow.

AFRICAN VIOLETS

We are more enthusiastic than ever about African Violets. What a joy they are in the winter when we can't have our glads! Our problem still is that we don't have room to raise all we need to supply the demand for them. We find that in spite of many customers saying they prefer the single varieties it is hard to keep enough double ones, especially the new double pinks, to satisfy our customers. We do not do any mail order business in African Violets. Just don't have the time. For the convenience of our customers we are carrying a line of Plastic Pets as well as the Black Magic potting soil.

We have many other varieties in too small quantities to list, so, if you do not find what you want in this list, do not hesitate to ask for it.

COLLECTIONS.

COLL. NO.1, Our usual unlabeled collection in a great variety of colors, large size bulbs \$5.00 per 100.

COLL. NO. 2 Same as above in medium size bulbs, \$3.00 per 100.

COLL. NO.3, Unlabeled dark varieties only, large bulbs \$8.00 per 100. These collections are not prepaid. Include with your order sufficient postage to cover. 100 large size bulbs weigh approximately 81b. and medium size 41b. Any balance will be refunded.

IMPORTANT We pay postageon all orders from this list amounting to \$3.00 or over, except Collections. On orders less than \$3.00 add 35% for postage. Crders will be acknowledged by post card as soon as possible after receipt. Keep a copy of your order. Please select some second choi ces if you are willing for us to substitute. Do not split quantities as listed. Where a variety is listed at 2 for 25% do not order one at half price. Do not order less than 10 bulbs of one variety at the 10 rate. Our bulbs are State inspected, cured and stored under modern approved conditions, and are treated with Spergon Gladiolus Dust. It is our intention to send out only clean, healthy bulbs, true to name. If bulbs are not satisfactory upon receipt, please return them and we will gladly refund purchase price. We cannot guarantee results, however, as planting and growing conditions are beyond our control. We are always glad to help you with any culture problems you may have. A culture leaf let will be included in each order. Bulbs will be shipped after danger of freezing is over, usually early in April, unless otherwise requested.

IF YOU LIVE IN THE STATE OF MAINE ADD 2% SALES TAX

We can furnish the following supplies, not prepaid :

RA-PID-GR6, 1 1b. \$1.25; 21b. \$2.35 SPERGON GLADIOLUS DUST, 1 1b. \$1.75
